

Octowax MR-40 Wax Emulsion

CHEMICAL NAME: Modified hydrocarbon wax

PHYSICAL FORM: Aqueous, liquid emulsion

PRODUCT SPECIFICATONS		METHODS
Solids	39.0 - 41.0 %	SCC-040
pH	9.5 - 10.5	PHC-010
Viscosity	100 - 3000 cps.	VDC-070

PRODUCT DESCRIPTION:

Octowax MR-40 is a light amber-cream colored emulsion of an oxidized, modified hydrocarbon wax. The emulsion is based primarily on a nonionic surfactant, but is a mixture with anionic because of the amine-neutralized reactive components of the wax. Octowax MR-40 is suggested for use as a mold-release and lubricant.

STORAGE AND HANDLING:

Containers should be kept tightly closed. Protect from freezing. Contents should be stirred using mechanical agitation prior to use.

The information provided herein is believed to be reliable; however, no guarantees are made or liability assumed. Tiarco Chemical makes no claims or warranties concerning the suitability of the product for a particular use or purpose.
